# **Futures**

CFD futures trades are priced directly from the underlying futures markets, with commissions, financing charges and dividend adjustments all built into the spread itself. Capital Market Options offers competitive spreads across all of our Future CFDs.

#### **Trade Size Parameters:**

Trading sizes differ depending on the liquidity, market conditions and whether or not trade occurs within regular trading hours . As a guide to minimum trading size refer to the lot size of the corresponding market. Moreover when trading CFD's you are trading the base currency of the underlying market.

### **Trading hours:**

Capital Market Options standard trading hours are from 17:00 Sunday to 17:00 Friday ET. This is Capital Market Options usual trading times, these may differ on various market and during daylight savings.

## Margin/Leverage:

CFD products have a different margin percentage to our forex products. The margin column shows the margin for each of our CFDs. Note that a margin of 1% is the equivalent of 100:1 leverage, 0.5% is equal to 200:1
